# Message from the Premier of Manitoba

935-  
JA

The growing interest in track and field in Manitoba, and indeed throughout this continent, is a matter of special pride for us. Here is competition developed to a high point.

It is, then, with a deep awareness of the type of skill, devotion and training that has been required of you, that I warmly welcome all participants to the Seventh Annual International Meet of Champions. As well I want to pay tribute to the Manitoba Track and Field Association, sponsor of the Meet, for undertaking this challenging and worthwhile task.

All endeavours at this meet point to the Pan Am Games of 1967. The participants of today, I hope, will be the participants of the Pan Am Games. And I know the directors and officials of this Meet's sponsoring organization will also be deeply involved in the running and administration of the 1967 events. To all of you, my best wishes and good sportsmanship.

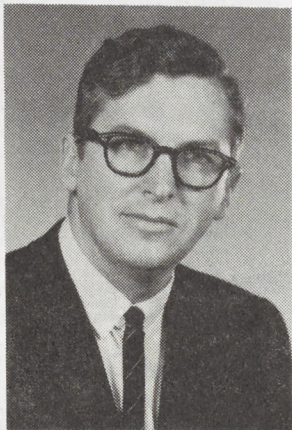

DUFF ROBLIN,  
Premier of Manitoba

On behalf of everyone who has worked to make our 7th Annual International Meet of Champions a success . . . thank you for coming.

Your continuing interest in Track and Field has made it possible not only to attract top calibre athletes each year, but

also to provide experience for local volunteers and athletes . . . experience that will do much to ensure the success of our 1967 Pan American Games.

JACK STRANGE,  
Chairman

Most of the volunteers who have worked hard to bring us the 7th Annual International Meet of Champions will be hard at work 18 months from now making our 1967 Pan American Games equally successful.

Not only do these meets provide us with an excellent "training camp" for our volunteers but an opportunity is also given Manitoba athletes to take part in one of the top track and field competitions in Canada.

This experience and your continuing support for Track and Field will prove to be a winning combination in 1967.

JIM DALY  
Executive Director  
1967 Pan American Games

## WORLD-FAMED JOHN THOMAS ENTERS

Officials of the International Meet of Champions, flushed with success after having received acceptance of an invitation to this Saturday's big indoor track show at the Arena from world famed John Thomas, rounded out their high jump today with another amazing performer.

At the same time they strengthened the featured 1,000 yards and one mile runs by enlisting two of America's top middle distance runners for the event.

The man who figures to be the talk of the meet is a 5 ft. 7 inch athlete named Jeff Brannon. All Brannon does is high jump 6 ft. 10 inches or better, and that's some doing.

Only Valery Brumel of Russia has a greater differential between his height and the distance he can climb in the event. Brannon can jump 15 inches over his head, and if you think it's easy try it someday.

He'll be the second University of New Mexico athlete to compete in the meet. Earlier, events co-chairmen Jack Smyth and Dave Lyon announced the entry of two miler George Scott. Brannon's opposition will come from Thomas and Richard Ross, both standing 6 ft. 6 inches, and Brigham Young's Ted Winfield, Ron Tull of Oklahoma and Minnesota's Tom Stuart, who are also over 6 feet in height.

Latest to accept invitations to run the 1,000 yards and mile respectively are Ed Duchini formerly of Georgetown University and Ohio's Rick Cunningham.

Duchini is one of the big names on the indoor circuit and was listed in eighth spot in both the 880 yards and 1,000 yards last year. He won the Marine Corps Relays in 1:50.8 for the half, and was second in the NCAA indoor championships at 600 yards.

The New York runner has always been a formidable opponent for Canada's Bill Crothers in New York and Philadelphia indoor meets and this time he's going against Dave Perry of Oklahoma State.

Cunningham's claim to fame is having won the Drake Relays mile as well as the Central Collegiate title in that event. He's a consistent 4:04 miler, which means he'll go into Saturday's mile run as an underdog.

Both favorites, Bill Dotson of Kansas and Bob Delaney from Brigham Young, have better clockings, especially Dotson who has timed under four minutes in the event.

## GEORGE SCOTT University of New Mexico

George Scott, University of New Mexico distance runner. 1965 Western Athletic Conference Champion in cross country. 28 year old native of Perth, Australia. 8:54 in two mile, 13:45 in three mile. Last year winner at Texas, Kansas and Drake Relays.

## JEFF BRANNON, University of New Mexico

Brannon, who stands but 5-7½ has a best jump of 6-10. He has jumped higher over his head than any high jumper except Brummel.

## HIGH JUMP

### "DROP OUT" MILE

Introduced to Winnipeggers for the first time at the Meet of Champions last year, the "Drop Out" Mile proved to be an exciting addition to the events schedule.

First presented at San Francisco in December 1964 this has become an exciting added attraction at meets in Canada and the United States.

For those of you who weren't in on the fun last year . . . here is the gen:

Twelve men start the race. At the end of each lap, the last man of the pack is pulled out of the race and becomes the dropout.

The scrambling that takes place each time they pass the finish line is a sight to behold . . . arms flying, elbows swinging, pushing and shoving, etc. . . . Finally, you are left with two men on their feet racing for first place over the last lap.

Last year Jim Daly, Executive Director of the Pan-American Games predicted "This event of stop and go, push and pull, will probably resemble a tag team match".

Jim was right!!
